

Hand Pallet Scale

Function

Manual Zero correction.
Gross/Net Weighing.
Totalling with sequence number.
Error message in display.
Automatic Switch off after setting time of non-use.
Low battery indication on display.

Specification

Accuracy: 3000e.
Weighing capacity 1000kg/2000kg/2500kg.
Display: LCD/LED 6 digit, 6 function keys on/off keys.
Power Supply: 85~260V AC, 50-60Hz, with Re-Chargeable battery.
Protection Class: Load cell and Cabling Ip67, & Indicator Ip65.
Steering wheels: Polyurethane.
Loading wheels: Polyurethane, tandem.
Optional color: Red/Yellow/Blue/Black.
Weight: 170kg.

Rugged Design

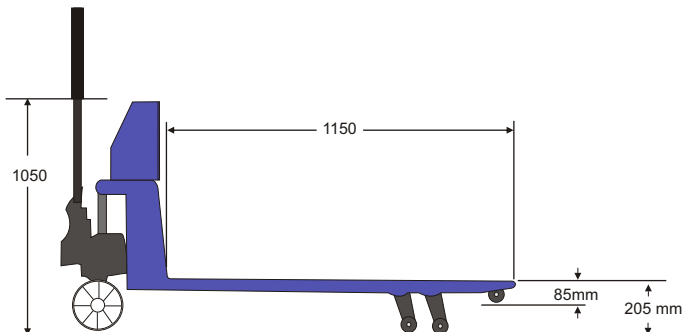

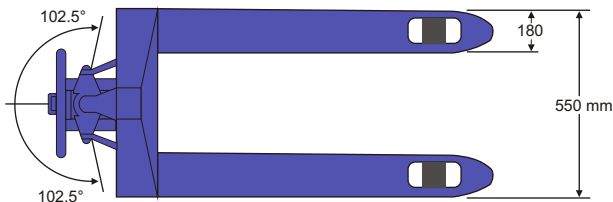

Steel entry brackets combine with rollers for durability and ease of entry, while adjustable push-rods on the reinforced C-channel forks resist twisting under heavy loads.

Ergonomic Handle

Designed to reduce fatigue and improve productivity, the ergonomic handle features a neutral setting for easy maneuvering and a handle return spring that returns the handle to an upright position when released.

Quality Construction

Engineered from thick homogenous steel, the frame features temperature-controlled robotic welds to maintain material strength and a powder coating for additional protection in tough applications.

Reliable and Rugged!
